BIOGRAPHY

Jitluedee Siemanond is a patent executive in the firm's intellectual property group. She helps clients obtain Thai patents by offering advice pertaining to Thai patent law, representing clients in patent application filing procedures, and corresponding with clients regarding patent, design patent, and petty patent applications.

Having received a technical education and industry experience in software solutions in Texas, Jitluedee specializes in drafting and prosecuting patent applications in technical fields that include software and business methods.

Jitluedee has also participated in a number of courses on patents and patent drafting, including the South East Asian Patent Drafting Training Course and courses organized by the American Bar Association and Thailand's Department of Intellectual Property.

EXPERIENCE

- Conducted patent and design searches on behalf of clients in a wide range of industries.
- Filed and successfully registered patents, petty patents, and designs with the Thai Department of Intellectual Property.
- Represented clients in filing appeals, oppositions, and cancellations to strengthen and defend their valuable patents.
- Drafted a patent specification for a client in the electronic-money industry.
- Advised an international insecticide technology company on patent drafting and filing. The matter involved freedom to operate searches, strategic reshaping and amending of the patent, and advising on an international filing plan.
