She has handled a wide range of complex litigation matters, drawing upon her previous experience managing assets and employees for multinational corporations. Nuanchun's business background, including earning a Business Administration degree in Thailand and an MBA in the United States, benefits her corporate clients who count on her for pragmatic advice, sound solutions, innovative dispute resolution strategies, and, if necessary, aggressive litigation.

She is currently a member of the Thai Bar Association and the Lawyers Council of Thailand.

## EXPERIENCE

- Brought a medical malpractice claim on behalf of a plaintiff. We secured a very favorable settlement on behalf of our client.
- Represented a former employee in a labor case against a leading university. We took the case and filed a claim with the Administrative Court for unfair termination. Our client selected our law firm because we believe in his case.
- Represented the wife in a divorce case. After long settlement negotiations with the husband, we reached a compromise agreement supervised by the court and avoided trial of this sensitive matter.
- Acted for a land owner in a civil case regarding access to real property. We succeeded in facilitating a mutual agreement between the neighbors without a trial.
- Represented a client in joining a criminal case (as co-plaintiff with the public prosecutor) brought against the client's former employee, who was embezzling company assets. The employee was sentenced to imprisonment and a fine.
- Obtained court approval of a bankruptcy claim in the amount of nearly THB 120,000,000. Our representation included submitting the application for debt repayment, providing supplemental explanations and evidence, and proving our client's right to the sum.
- Successfully negotiated settlements of multiparty lawsuits involving the international carriage of goods.
- Represented a multinational air carrier in litigation involving cargo damages and prevailed against a global insurance company.
- Represented a subsidiary of a global multimodal transportation provider in a case worth THB 24,000,000. Secured emergency relief in Thailand's Intellectual Property and International Trade Court, allowing the client to remove the cargo from its vessel.
- Represented an American father in an international child abduction case involving a child with health issues who was abducted to Thailand in violation of a U.S. child custody order.
- Secured the release of a ship, which was arrested by a creditor of the previous owner of the vessel. We proved that the ship was not capable of being arrested because the ship was neither owned by nor in the possession of the debtor.
